

IGFox — Terms of Use

Effective date: September 21, 2026

These Terms of Use ("Terms") govern your access to and use of the IGFox mobile application (the "App"), published by Evgeniia Vorontsova ("we," "us," or "Developer"). By downloading, installing, or using the App, you agree to be bound by these Terms. If you do not agree, please do not use the App.

1. About the App

IGFox is an iOS application that lets you create Instagram-style carousel images directly on your iPhone. The App provides pre-built slide compositions that you can customize with your own text, photos, colors, and fonts. IGFox does not require an account, and your projects are stored locally on your device.

2. License Grant

Subject to your compliance with these Terms, we grant you a limited, non-exclusive, non-transferable, revocable license to download, install, and use the App on any Apple-branded device that you own or control, as permitted by the App Store Usage Rules set forth in the Apple Media Services Terms and Conditions.

3. Your Content

The App allows you to add your own text and photos ("User Content") to create carousel slides. You retain all rights to your User Content. Because the App does not require an account and does not transmit your projects to our servers, your User Content is processed and stored locally on your device, except where you actively choose to export or share it (for example, saving to your Photos library or sharing through another app).

You are solely responsible for the User Content you create and for ensuring you have the necessary rights to any photos, text, or other material you use within the App, including compliance with applicable copyright, trademark, privacy, and publicity laws.

4. Acceptable Use

When using the App, you agree not to:

- Use the App to create or export content that is unlawful, infringing, defamatory, obscene, or otherwise harmful to third parties;
- Attempt to reverse-engineer, decompile, or disassemble the App, except to the extent permitted by applicable law;
- Use the App in any way that could damage, disable, or impair its functionality or interfere with other users' use of it;
- Circumvent any technical measures in the App.

5. In-App Purchases

The core carousel-creation features of IGFox — unlimited projects, both slide formats, text styling, photo import, and watermark-free export — are provided free of charge. The App may, from time to time, offer optional additional features, content, or functionality available through in-app purchases or subscriptions via the App Store. Any such purchases will be clearly disclosed and are subject to Apple's payment terms. All payments are processed by Apple, and refunds are handled in accordance with Apple's policies, not by us directly.

6. Intellectual Property

The App, including its design, slide compositions, palettes, fonts, graphics, icons, and underlying software, is owned by the Developer and is protected by copyright, trademark, and other intellectual property laws. Except for the limited license granted in Section 2, no rights are transferred to you.

7. Third-Party Services

The App may integrate with Apple platform features such as Siri and Shortcuts, and with the Photos app, to let you export and share your creations. Your use of such third-party features is subject to the applicable third party's own terms and privacy practices.

8. Disclaimer of Warranties

The App is provided "as is" and "as available," without warranties of any kind, whether express or implied, including but not limited to implied warranties of merchantability, fitness for a particular purpose, and non-infringement. We do not warrant that the App will be uninterrupted, error-free, or free of harmful components.

9. Limitation of Liability

To the maximum extent permitted by applicable law, in no event shall the Developer be liable for any indirect, incidental, special, consequential, or punitive damages, or any loss of data, profits, or revenue, arising out of or in connection with your use of, or inability to use, the App, even if advised of the possibility of such damages.

10. Termination

We may suspend or discontinue the App, or your access to it, at any time, with or without notice. You may stop using the App and delete it from your device at any time.

11. Changes to These Terms

We may update these Terms from time to time. Material changes will be reflected by updating the "Effective date" above. Your continued use of the App after changes take effect constitutes

acceptance of the revised Terms.

12. Governing Law

These Terms shall be governed by and construed in accordance with applicable law, without regard to conflict-of-law principles, except where mandatory consumer-protection laws of your country of residence provide otherwise.

13. Apple-Specific Terms

You acknowledge that these Terms are between you and the Developer only, not with Apple Inc., and Apple is not responsible for the App or its content. Apple has no obligation to furnish any maintenance or support services for the App. In the event of any failure of the App to conform to any applicable warranty, you may notify Apple, and Apple will refund the purchase price (if any) for the App; to the maximum extent permitted by law, Apple has no other warranty obligation. Apple is not responsible for addressing any claims relating to the App, including product liability claims, claims that the App fails to conform to legal or regulatory requirements, and claims arising under consumer protection law. Apple is a third-party beneficiary of these Terms and, upon your acceptance, will have the right to enforce these Terms against you.
